

# A person starting to practice

Lyricist: Bennie

Translated by: HE, YUPING

I'm a person starting to practice

Start to practice, start to perceive

During the quiet night, ponder on Five Aggregates accordingly

Where the lights are dim, as moon in water, as in a dream

I'm a person repenting endlessly  
Start to be aware, start to repent  
Immerse myself in greed to suffer  
separation and wanting  
Stick to hatred raising deceit to  
make beings disquiet

Evil view and ignorance let me fall into troubles  
Belittle Buddha Dharma, human being, be often high and mighty  
Doubts let good relationship go, bad come  
Repent of evil causes, conditions and effects

Entreat buddhas to accept and hold, may beings be endowed with  
All the causes of Buddhas' quality  
Endowed with all the Buddhas' top conditions  
Endowed with all the Buddhas' all the rewards  
May this mighty prayer be in the universe work powerfully.

Pray all the Dharma be well versed, may beings be endowed with

Entreat Sangha to accept and hold, may beings be endowed with

Entreat Mentors to accept and hold, may beings be endowed with
